## OVERVIEW

SurprisinglySimple is a conscious music movement incorporating high level lighting design, sound design, meditation and philanthropy into their show experience. The intention is to heighten the senses and enlighten the human mind, body and soul with their multi-tempo, multi-genre, live sacred bass music. This, paired with a dynamic synchronized professional light show using GrandMA2, creates a fully immersive sensory experience.

## MISSION

1. Create high level sound and lighting environments to attract, captivate and inspire humanity.
2. Share music as a way to magnetize people together by emitting vibrations promoting love, healing, connection, and co-creation. Arts are a cornerstone to humanity and must be celebrated appropriately!
3. Use music as a means to reach more people to spread meditation, awareness, self healing + global peace.
